

# OBJECTIVES OF THE STUDY ARE THE EMPLOYERS' NEEDS AND LABOUR MARKET NEEDS AND PROJECTIONS FOR THE FUTURE:

## 1.

### IDENTIFY KEY CHARACTERISTICS OF LOCAL BUSINESSES AND EMPLOYED WORKFORCE

1. Identify the structure of workforce and key characteristics of company management.
2. Identify key changes in local companies after the COVID-19 pandemics.

## 2.

### IDENTIFY LEVEL OF HARMONISATION BETWEEN EDUCATIONAL INSTITUTIONS AND LABOUR MARKET NEEDS

1. Study the level of harmonisation of skills, knowledge and competencies, acquired during education, with those needed by employers.
2. Study level of harmonisation of needed and available profiles of workers on labour market.

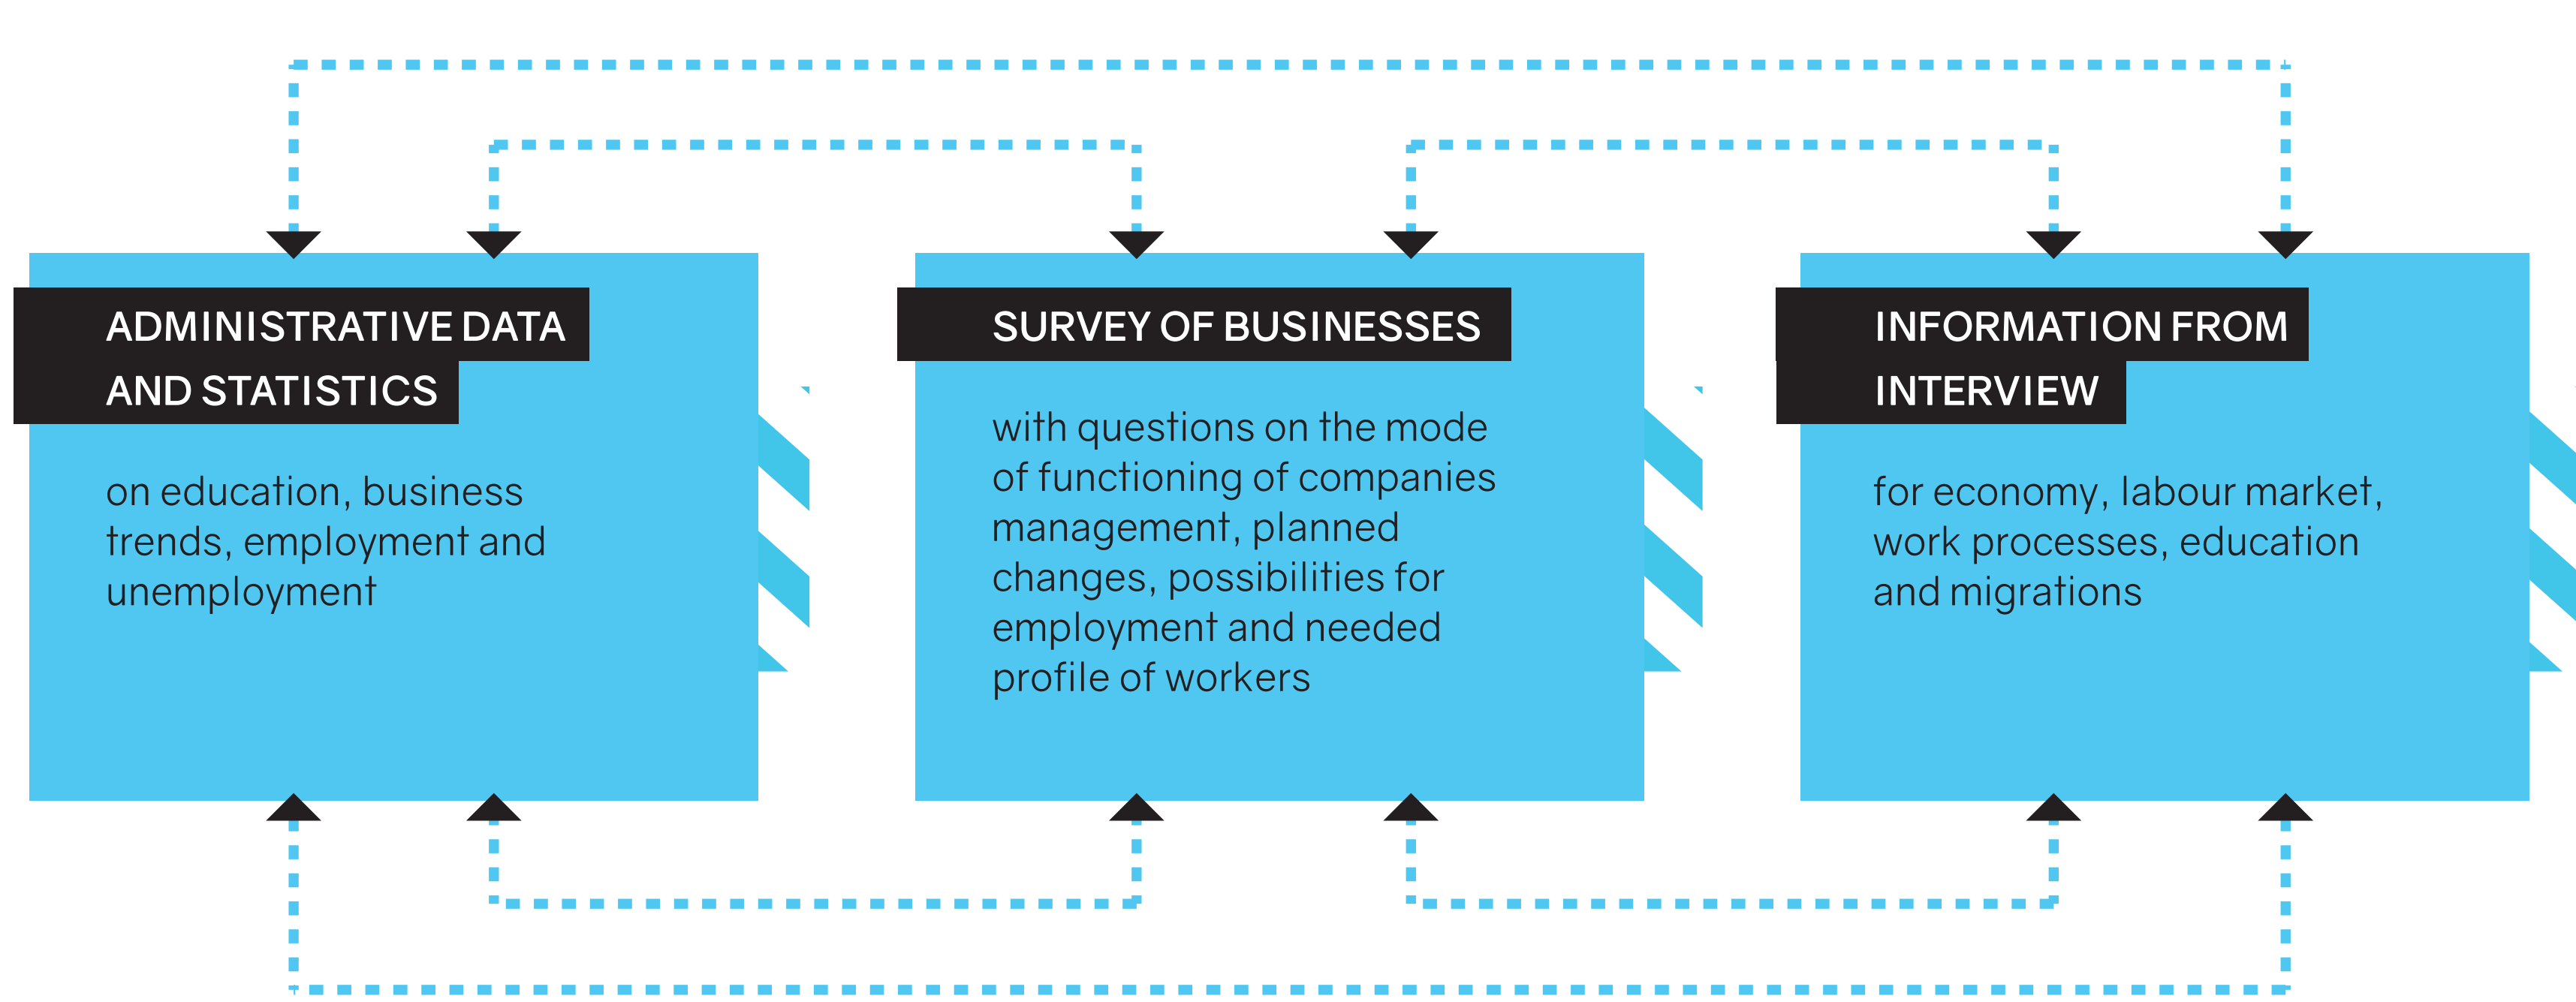

## 3.

### PREDICT LEVEL OF HARMONISATION BETWEEN EDUCATIONAL INSTITUTIONS AND LABOUR MARKET NEEDS

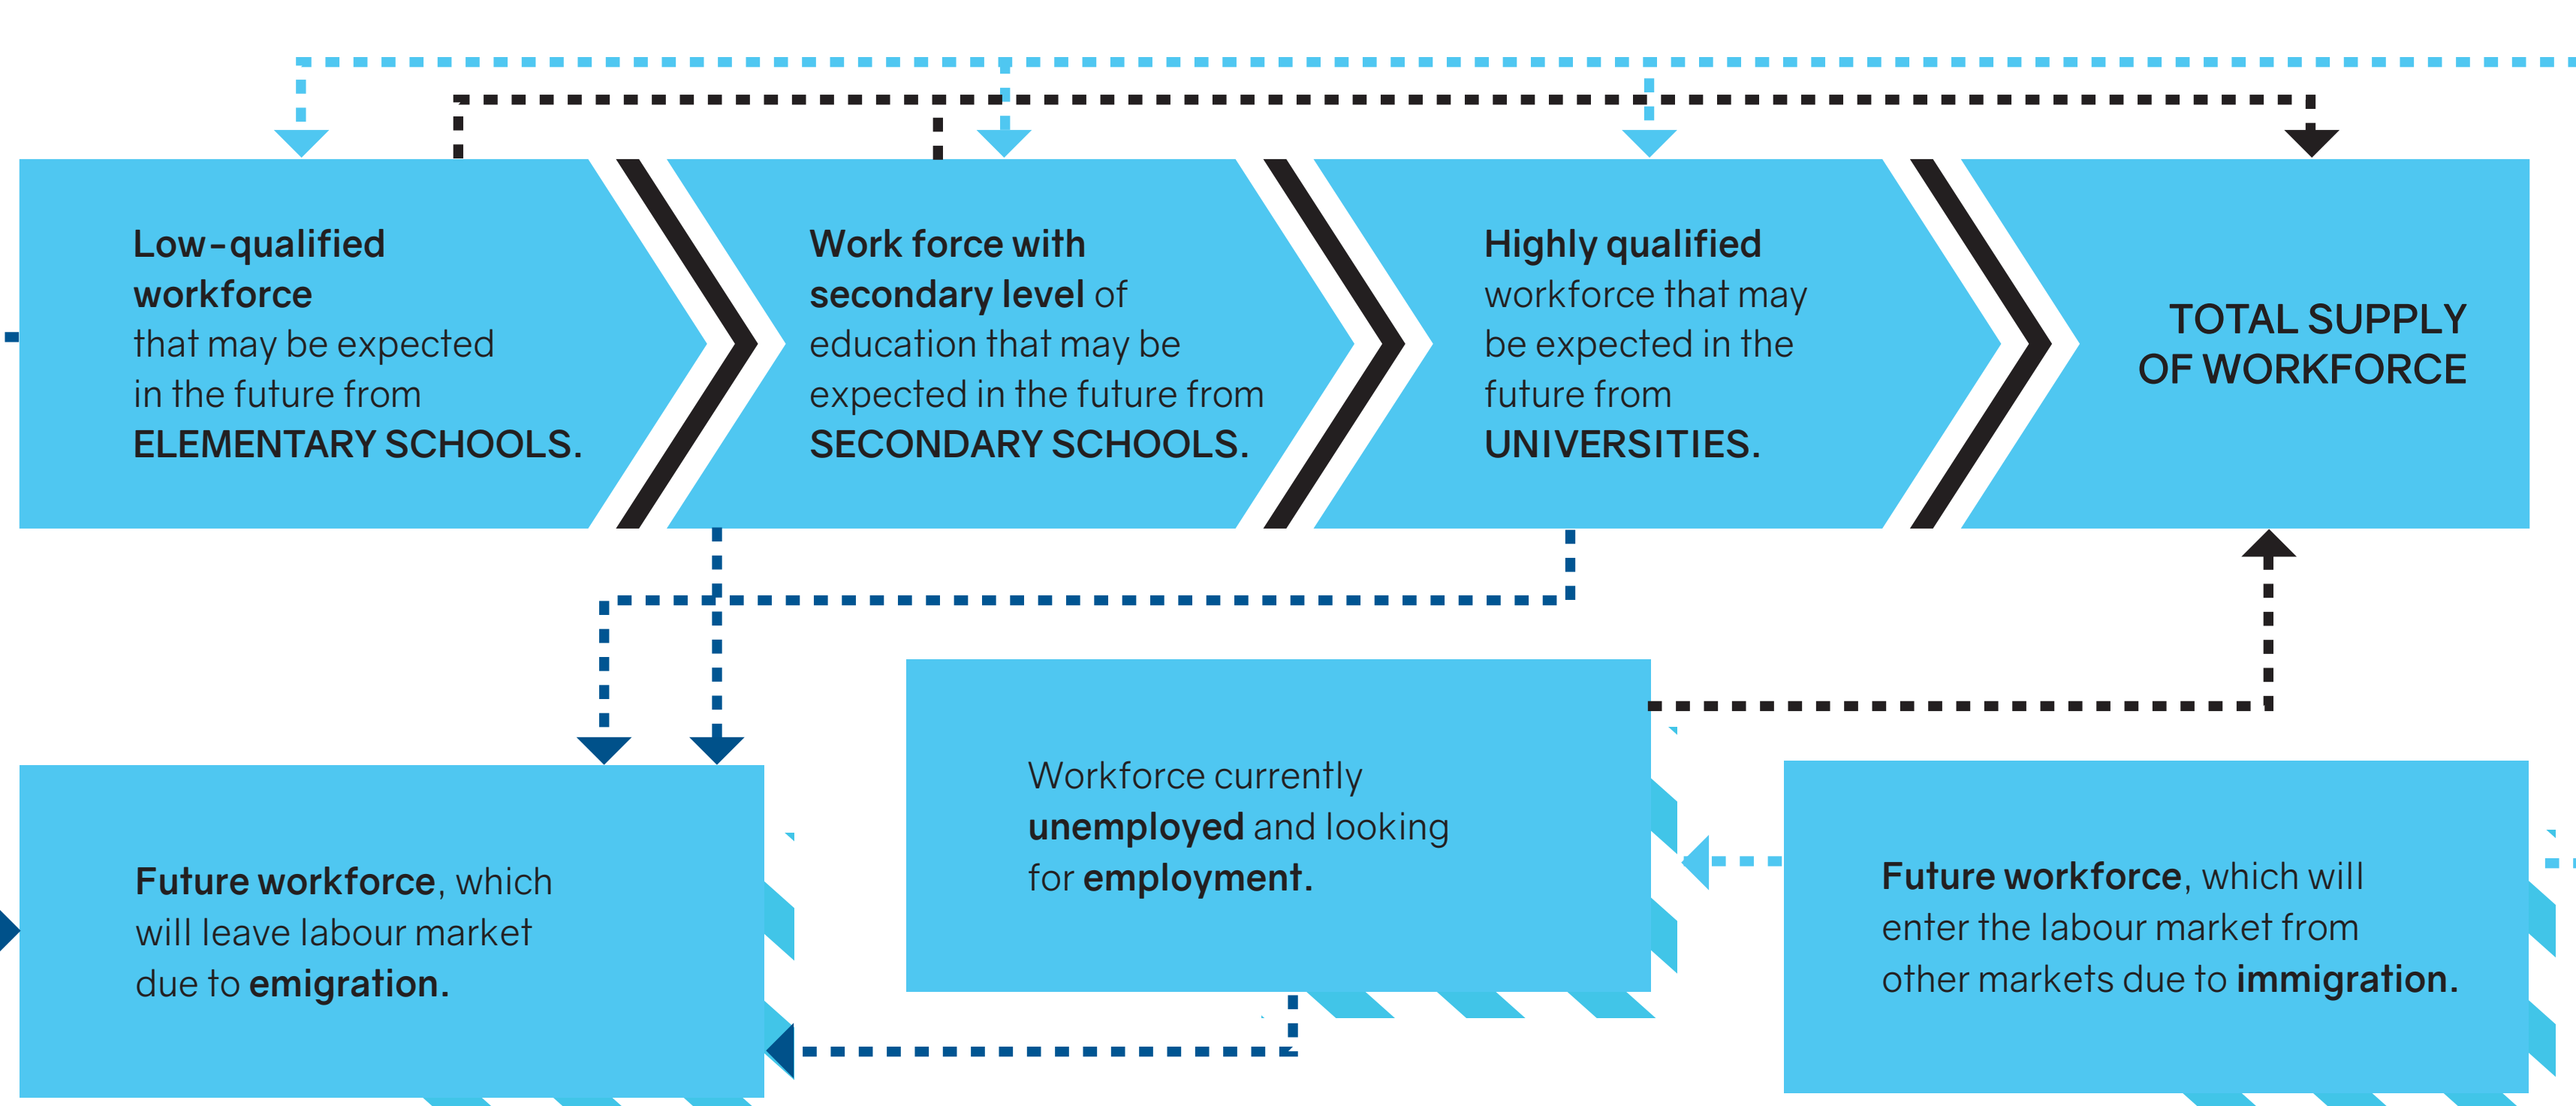

1. Create a model for prediction of workforce availability, of different profiles and qualifications, in labour market for the future.
2. Create a model for prediction of demand for workforce, of different profiles and qualifications, in labour market for the future.
3. Predict potential problems in harmonisation of demand and supply of workforce for the future.

## DATA SOURCES USED IN STUDY

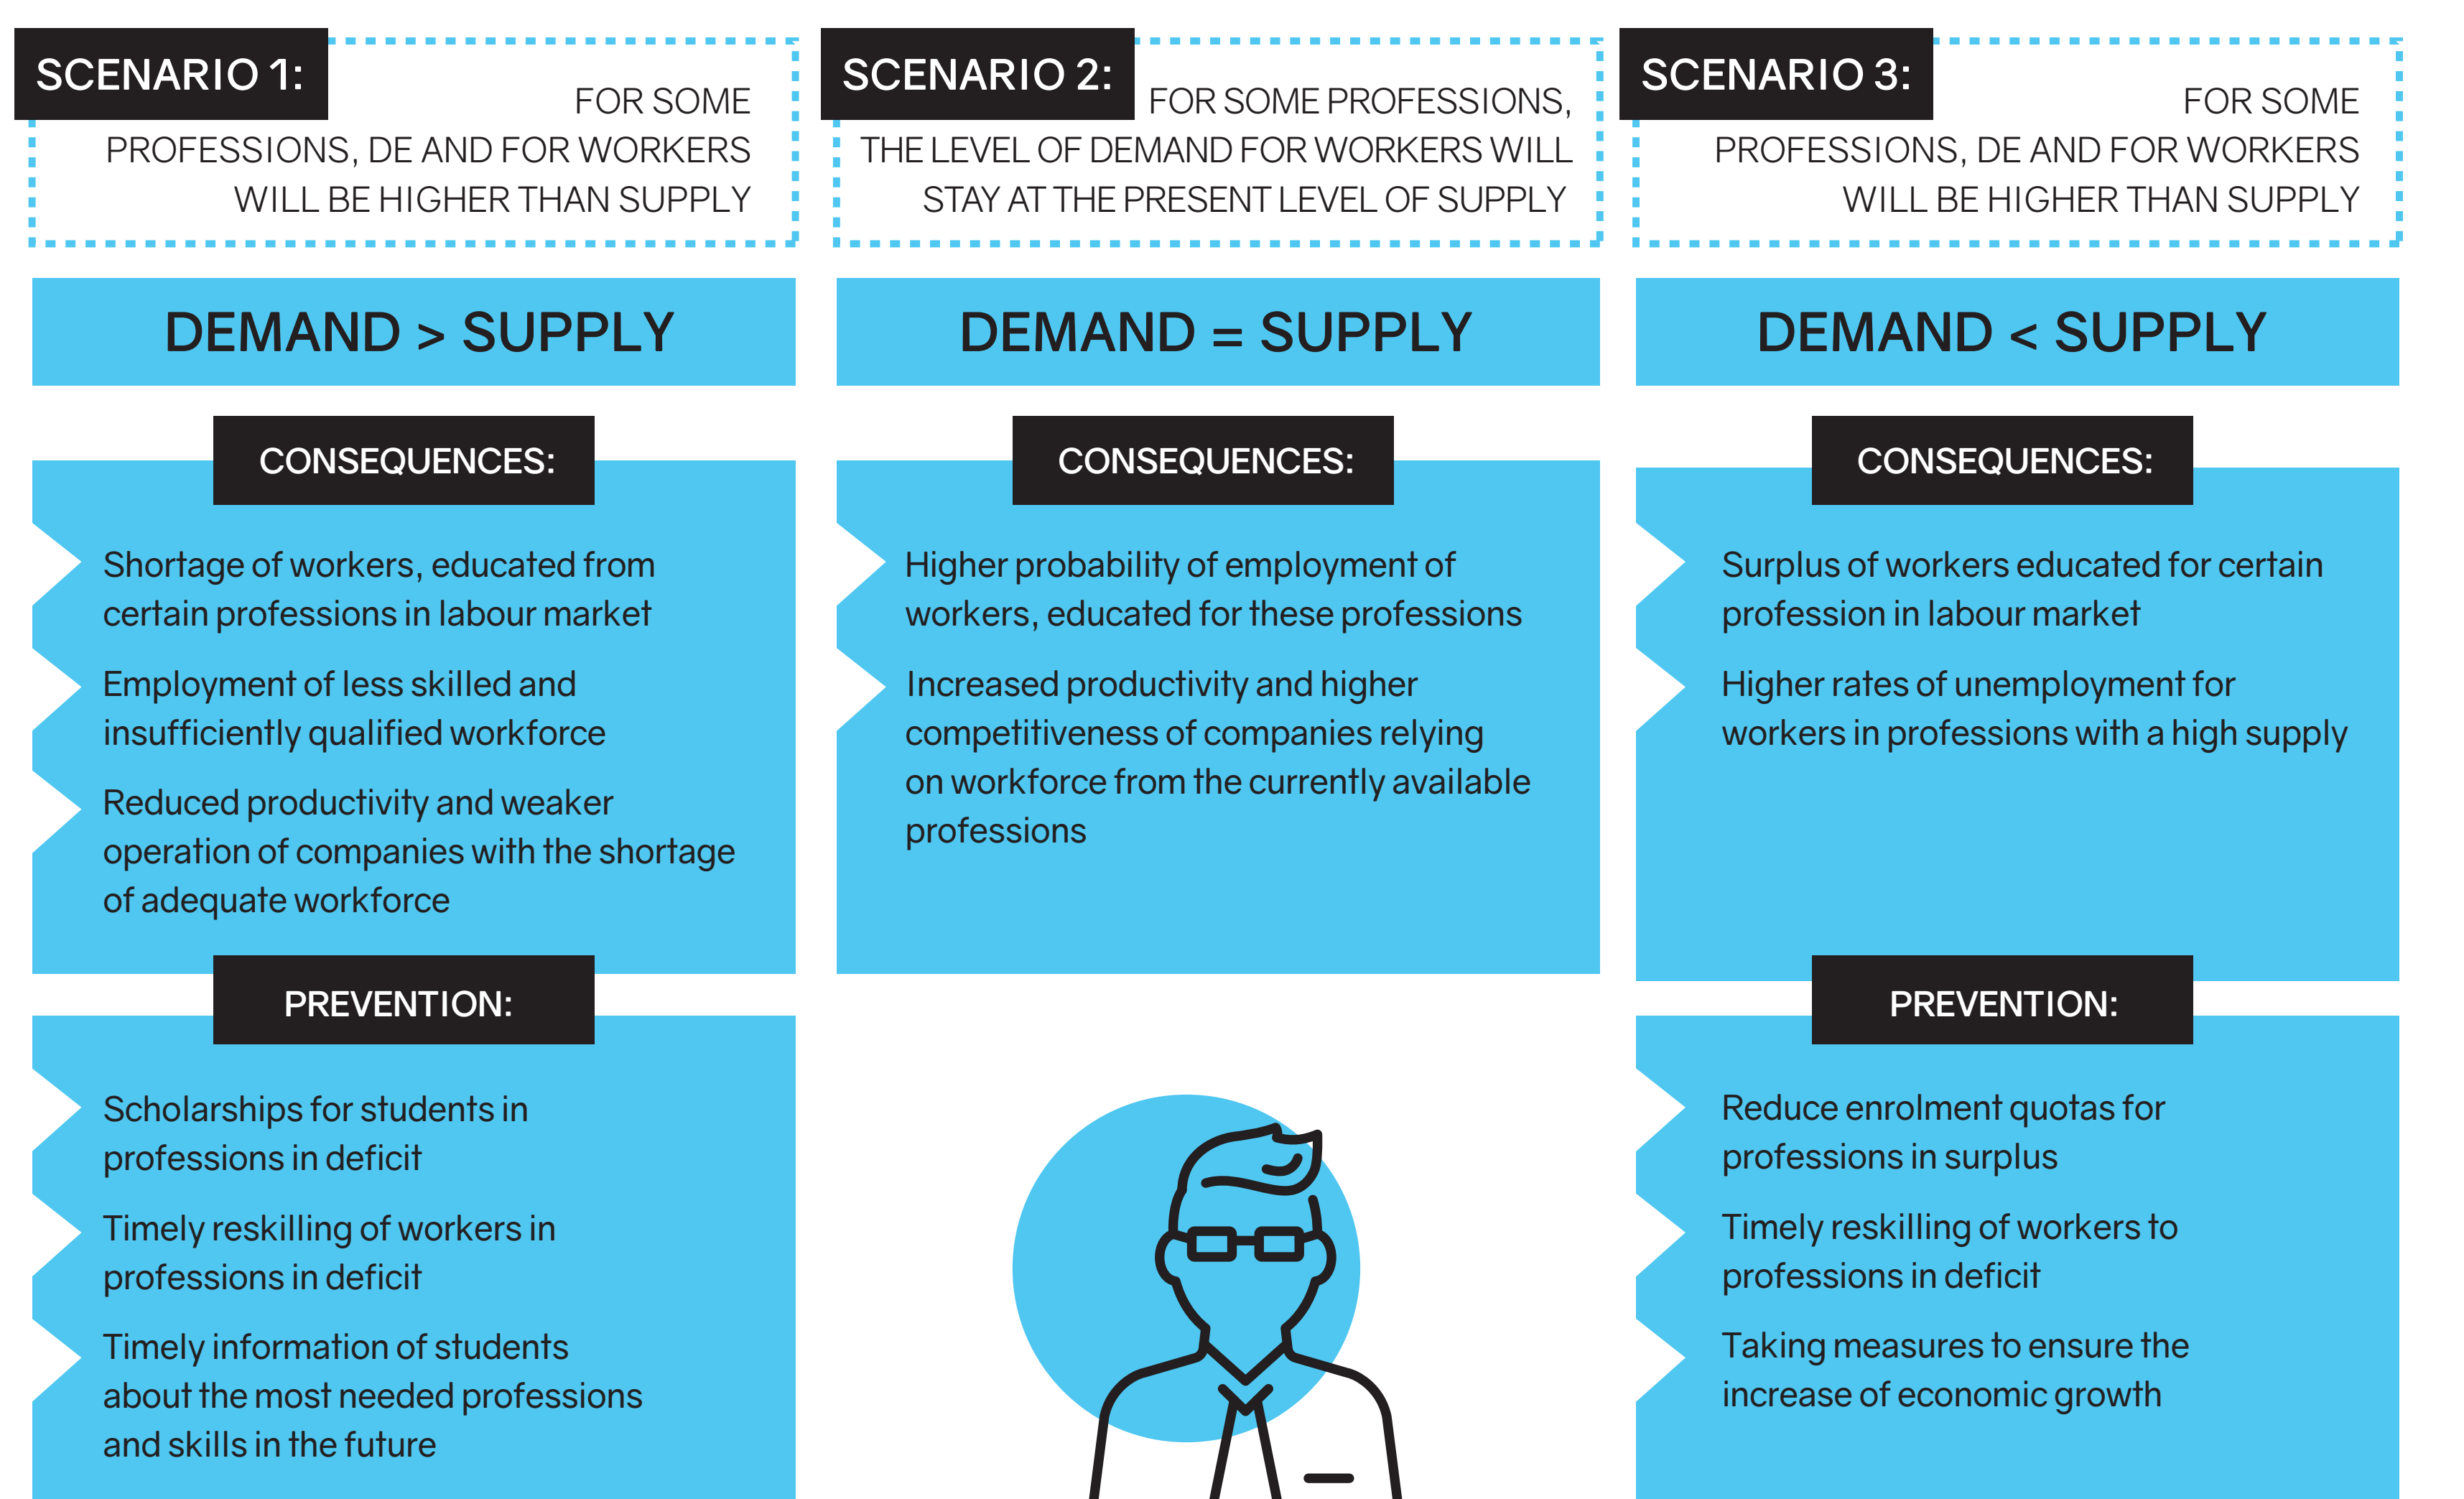

## WHAT WILL THE SUPPLY OF WORKFORCE DEPEND ON IN THE FUTURE?

## WHAT WILL THE DEMAND FOR WORKFORCE DEPEND ON IN THE FUTURE?

## WHICH ARE POSSIBLE SCENARIOS FOR CERTAIN PROFESSIONS IN THE FUTURE?

## BENEFICIARIES OF RESULTS AND THEIR PRACTICAL USE
